

RECRUITMENT CAMPAIGN
APPLICATION - LIST OF DOCUMENTS TO PROVIDE

Programs taught in English	Copy of ID Card, passport or birth certificate	Last diploma obtained	Baccalauréat French higher education studies or a French DAEU	Official transcript of records for all higher education studies	Certificate of English language proficiency	Certificate of French language proficiency	Letter of recommendation	Cover letter	CV	Scholarship Certificate
Engineer										
 2A Nanotech	yes	Higher last diploma	yes for student holding a French high school diploma or a French DAEU	Bachelor transcript of records	Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	A recommendation letter written & signed by an academic	yes	yes	2022/2023 scholarship certificate
1st year of master's degree (M1)										
 M1 NanoMédecine Biologie Structurale (NBS)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 Cognition Naturelle et Artificielle (CNA)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	Only for non speaking french international students B2 level DALF-TCF or a certificate written & signed by a French teacher or a recent transcript of records (last year of studies) showing marks in French	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 Engineering of Functional Materials (EFM)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 Advanced Materials for Innovation and Sustainability (AMIS)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 European Mas. Innovation in Nuclear Energy (EMINE)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 Materials for Nuclear Energy (MANUEN)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 FAMEAIS : Functional Advanced Materials Engineering with Artificial Intelligence for Sustainability	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M1 Signal Image processing Methods and Applications (SIGMA)	yes	At least a Bachelor's degree or equivalent	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	oui	Only for registration
2nd year of master's degree (M2)										
 M2 NanoMédecine Biologie Structurale (NBS)	yes	Completion of the first year of a Master's degree or four years study at university level	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	To be completed online	yes	Only for registration
 M2 Materials for Nuclear Energy (MANUEN)	yes	Completion of the first year of a Master's degree or four years study at university level	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	yes	yes	Only for registration
 M2 Engineering of Functional Materials (EFM)	yes	Completion of the first year of a Master's degree or four years study at university level	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	yes	yes	Only for registration
 M2 Signal Image processing Methods and Applications (SIGMA)	Yes	Completion of the first year of a Master's degree or four years study at university level	no	yes	B2 Level Official test (TOEIC, TOEFL...) or certificate written by an English teacher or transcript of records (last year of study) showing marks in English	no	At least a recommendation letter written & signed by an academic or a internship supervisor	yes	yes	Only for registration
